## Holger Fritz is still at large. But hopefully not for much longer. This is what the Mannheim public prosecutor's office says

AUTHOR: [Heinz Faßbender](#)

Reading time: 5 min.

The Mannheim Public Prosecutor's Office, which has so diligently investigated the well-known and innocent [weather presenter Jörg Kachelmann in 2010 and 2011](#), takes a lot of time with this well-known fraudster and child molester Holger Fritz. Although we were informed six weeks ago that information from the editors had been taken note of

**Kachelmann trial by Mannheim public prosecutor's office: Kachelmann in front of cameras "I am innocent" He was acquitted after several months of pre-trial detention.**

and that the necessary search measures were still being carried out, Fritz is still active as a sponsor of little girls in his "private music school" on Zanzibar to give them piano and flute lessons. Many who know him know that the children will pay dearly.

What this man has done in his fraudulent life so far and is still doing is known in thousands of pages of files at various public prosecutors' offices and courts. Nevertheless, Fritz, who was sentenced to 2.6 years in prison, was able to flee to Zanzibar and continue to wreak havoc. This is one of the reasons why injured parties have already filed criminal charges in Germany.

That's why we asked the public prosecutor's office again and got the same answer as six weeks ago.

## Building House L 4, Mannheim Public Prosecutor's Office

Our letter, however, had it all. Because this Michael Fritz, as he calls himself in Zanzibar, had come up with the typical tall tales – which he always served up when he was convicted – in [response to the publications on this website](#) because of his escape unmasking and the announcement of his whereabouts. A [subsequent publication also did not suit the scammer at all](#).

## Here is his lie and fraud story:

Of course, we have forwarded this edifice of lies to the public prosecutor's office and evaluated it in a corresponding information email.

Sample:

Notice on false publications from 15.1.2024: The 2024 published by a Heinz Fassbender Repeat claims from 2019/2020 are inaccurate. Mr. Fritz has been living with his family in Zanzibar for a long time. He did not flee, nor did he harm third parties, as is claimed in the new edition. However, the author of this new campaign of character assassination has once again received large sums of money to carry out these criminal offences. Publish false allegations. In order to obtain pictures in Zanzibar, a meeting in the hotel depicted was arranged under identity abuse and Swiss decoys in order to then illegally exploit the pictures. Some of the financiers of this action are already known. When Mr. Fritz wanted to call in the police in Zanzibar, the three messengers who had been sent fled. Previously, they stated that they were not allowed to mention their own names and those of the clients and demanded €70,000 in cash. Finally, you said that you were illiterate and could not write, when Mr. Fritz asked to write down the address of the company Ripay/Repay, for which you allegedly worked and had been sent to Zanzibar, after which you could not identify yourself with anything.

## Mail to the Mannheim Public Prosecutor's Office from 1.05.2024

Good day

6 more weeks have passed since you condescended to tell me that the "necessary search measures are still being carried out".

In the meantime, we have not remained idle and have managed, in the interests of many aggrieved and affected people, that [smear campaigns of the refugee Holger Michael Fritz, on 2 different websites](#), were finally deleted. Affected by this were "officials", even an ex-public prosecutor from Baden-Baden and a political elected official from Rastatt. Many others, including myself and relatives and acquaintances, were severely insulted and vilified by the convicted fraudster, impostor and child molester. As usual, criminal charges were dropped without a hitch. Civil law attempts were also unsuccessful with the ignorant judiciary. But woe betide a representative of the judiciary who feels insulted – then all hell breaks loose.

**Criminal charges for hate speech are of no use – at the public prosecutor's office in Baden-Baden. And in the event of omission, only the judiciary will really rip you off. With large sums of money. This is also the case at the Regional Court of Baden-Baden.**

It took some pressure to get this insulting out of the net. The political promises that such things

are "so easy" to remove have been an absolute laughing stock, at least in these two cases.

Of course, Holger Fritz reacted [to our publication about his escape and other scams in Zanzibar](#). On his agitator website (which has since been deleted), he has, as usual, served up a transparent "defense story" in order to conceal his criminal activities, which are also in Zanzibar, and to try to disguise his escape from the immediate scope of the arrest warrant as a return to "his family". (See his lie number above)

After all, after we had reported on the "new" and according to the well-known scheme of his scam website on the subject of "tiny house sale business", this his scam website was deactivated. In the meantime, this crook has put the scam website back online. So his fraud business has started up again. Of course, we were happy that at least this other "Fritzchen's fraud business idea" was temporarily switched off.

## **Beware: Scam website of Michael Fritz alias Holger Michael Fritz**

And then there are the children he laughs at about the "free music school" in order to give them "piano and flute lessons". They are still in danger, in a country where such a bad fraudster and impostor, who has been known for years, can continue to act as a patron and benefactor with such "social" attacks.

Therefore, the question again: Has the man been arrested in the meantime and brought to justice?

Friendly greeting  
Heinz Fassbender Journalist

This is the head of the department for senior citizen law at the law firm Rechtsanwälte Seidl Hiermer Köppling & Kollege, lawyer Stefan Häfelin, who has supported this fraudster in various lawsuits. Now he is with the slogan "**Welcome to the lawyers for senior citizens' law**" and the service "old age brings with it a multitude of problems that revolve around family, property and standard of living" and to which he supposedly wants to find answers. Well, then be careful, because anyone who protects such a fraudster as Fritz and takes action against journalists with process fraud – promises a lot when the day is long – just to get your money.

**All abuse investigators are alerted by such advertising by Michael Fritz. Just not the Mannheim public prosecutor's office and other authorities.**

## We are socially committed

Music school for children

The entrepreneur from Vienna has fallen in love with the island and builds houses there that also benefit the local population.

In this way, 2 mini-houses or apartments finance part of the annual rent for a 1-bedroom apartment for a needy local and free musical instrument lessons for a child.

The entrepreneur hits the bull's eye with his idea and can't save himself from orders.

He founded a music school for children, where piano and violin are taught free of charge.

Buy an apartment on the dream island of Zanzibar and improve the quality of life of the locals at the same time.

**The society of the many aggrieved and vilified are waiting for justice through arrest.**
